About Us

Atma Ram Sanatan Dharma College is a premier educational institution of Delhi University which aims to nurture excellence in education. It emphasizes on fostering the quality of human resources and promoting productive ideas that benefit the students. Since its inception, the College has focused on character building and idealism inspired by Sanatani values. The College embraces Inclusivity and Equitability as its founding principles. Promotion of women's education and ensuring a barrier-free, non-discriminatory, and supportive ecosystem for all members of the College are, therefore, a priority at ARSD College.

Scope of Conference

Functional materials are effectively being utilized in a massive area of human development through several technologies. In the light of the enormous advancement and potential use in various applications of functional materials, international and national conferences have been organized to bring together scientists, researchers, faculty as well as experts from Industries with collective interests to discuss the recent advancement of multifunctional materials. In the same effort, we are inviting you to the International Conference on Recent Advances in Functional Materials (RAFM-2022). Still, the entire world is stuck due to spread of COVID-19 and people are bound to stay home. But apart from it, the scientific personality and innovation know no limits and boundaries. Therefore, we have decided to organize RAFM-2022 via online mode. It is supposed that this conference will be a novel, exciting and learning experience for all of us.

Conference Topics

- ❖ Multifunctional materials
- ❖ Biomaterials
- ❖ DFT and solar simulations on materials
- ❖ Inorganic/Organic materials
- ❖ Perovskite solar cells
- ❖ Perovskite and double perovskite materials
- ❖ Luminescent materials
- ❖ Smart materials
- ❖ Materials for energy applications
- ❖ Advanced materials
- ❖ Materials in Agriculture
- ❖ Polymers
- ❖ Composites
- ❖ Ceramics
- ❖ Liquid crystal
- ❖ Materials in Engineering
- ❖ Materials for sustainable environment
- ❖ Synthetic techniques and characterization tools
- ❖ Nano particles/Thin films
- ❖ Smart devices
- ❖ Quantum dots

Fee Details

Category	Registration fee		Registration fee after due date
